

RAIN GAUGE

Rain Gauge according to Diem

Really simple...

is the classical collecting funnel with measuring scale made of polystyrene clear as crystal. The popular model belongs in every garden, just as the measuring cup belongs in the kitchen and the inch rule in the toolbox.

Every floriculturist or farmer uses this rain gauge to optimally and economically water of the flora.

Just ask your neighbor!

- simple measuring principle
- Easy-to-read scale
- good value, with stainless steel mounting
- small, compact, practical
